**Stop the slaughter!**

Since dawn, Israel has been shelling Gaza again, resulting in hundreds of dead, many of whom of young children.

Israel's breaking of the ceasefire, despite any pretexts, is based on the support it has from US-EU and local governments - such as of Greece - who continue to back the murderer state and butcher Netanyahu.

They support the ongoing crime that is clearly aimed at the annihilation of an entire people, the uprooting of millions of Palestinians.

In these difficult times, the Palestinian people are not alone!

The peoples of the world are on the right side of history, against genocide, against the plans of the butchers.

We are with the children of Palestine, for their lives and their freedom!

Stop the massacre!

Free Palestine!

We call on all trade unions to express their solidarity with the people of Palestine and to condemn the new horrific crime.
